Supporting Children. Equipping Teachers. Strengthening Communities.

1. EXECUTIVE SUMMARY

The Oyewale Areoye Initiative implemented the 2026 Back-to-School Educational Support Project to provide essential learning materials to pupils and basic teaching materials to teachers at the beginning of the 2026/2027 academic session.

The updated project records cover five beneficiary schools: St John Primary School, Fenwa; St Felix Nursery & Primary School, Lanlate; Blessed Tansi Nursery & Primary School, Ilaju; St William Nursery & Primary School, Oke Ado; and Abiola Jacobs Basic School, Oke Foko.

The five schools account for **500 pupils and 50 teachers**. In addition, approximately **50 pupils** were reached in the Gegelose environs. The resulting grand total is **550 pupils reached**.

The intervention supplied exercise notebooks, writing materials, pens, basic stationery and other learning materials for pupils, as well as notebooks, pens, chalk and other basic teaching materials for teachers.

2. PROJECT OBJECTIVES

- Provide essential learning materials to pupils.
- Support teachers with basic classroom and teaching materials.
- Reduce material barriers to effective classroom participation.
- Promote school readiness for the 2026/2027 academic session.
- Extend educational support into surrounding communities.
- Document the intervention and its reach for accountability.

3. KEY IMPACT FIGURES

500	50	550
SCHOOL-BASED PUPILS	ADDITIONAL COMMUNITY PUPILS	GRAND TOTAL PUPILS

4. BENEFICIARY SCHOOLS AND REACH

No.	School	Location	Pupils	Teachers
1	St John Primary School	Fenwa	110	7
2	St Felix Nursery & Primary School	Lanlate	50	6
3	Blessed Tansi Nursery & Primary School	Ilaju	40	5
4	St William Nursery & Primary School	Oke Ado	120	20
5	Abiola Jacobs Basic School	Oke Foko	180	12
SCHOOL-BASED TOTAL		5 Schools	500	50

Confirmed school-based total: 500 pupils and 50 teachers. The pupil figures reconcile exactly: $110 + 50 + 40 + 120 + 180 = 500$.

5. ADDITIONAL COMMUNITY OUTREACH

Approximately 50 additional pupils were reached in the Gegelose environs. This community reach is recorded separately from the five school-based beneficiaries.

GRAND TOTAL PROJECT REACH: 550 PUPILS — 500 school-based pupils + approximately 50 community pupils.

6. CONFIRMED TEACHER REACH

The teacher reach is confirmed at **50 teachers**, based on the five school-level figures: $7 + 6 + 5 + 20 + 12 = 50$. The report does not count any additional teachers without supporting beneficiary details.

7. MATERIALS PROVIDED

For Pupils

- Exercise notebooks.
- Writing materials.
- Pens.
- Basic stationery.
- Other learning materials.

For Teachers

- Teachers' notebooks.
- Pens.
- Chalk.
- Other basic teaching materials.

8. IMPLEMENTATION

The intervention was implemented through direct engagement with beneficiary schools and community beneficiaries. Educational-material packs were prepared and distributed to pupils, while teachers received basic materials to support classroom activities.

The photographic record documents prepared learning materials, pupils displaying the resources received, classroom scenes and group engagements. These photographs are presented as project documentation and are not assigned to particular schools or locations in this report.

9. IDENTIFIED NEED

- Some pupils required notebooks and writing materials to participate effectively in school activities.
- Basic stationery and learning materials remain important to classroom participation and school readiness.
- Teachers require simple consumable materials for routine classroom work.
- Community outreach extended educational support beyond the school-based beneficiary list.

10. PROJECT IMPACT

- **Educational support:** Pupils received basic materials required for writing, note-taking and classroom participation.
- **Teacher support:** Teachers received practical materials for routine teaching and classroom activities.
- **School readiness:** The intervention supported pupils at the beginning of the 2026/2027 academic session.
- **Community inclusion:** Approximately 50 additional pupils were reached in the Gegelose environs.
- **Immediate relief:** The intervention reduced the immediate burden of sourcing basic learning materials.
- **Visible engagement:** Photographs document direct beneficiary engagement and distribution.

11. PHOTOGRAPHIC DOCUMENTATION

Selected project photographs — documentary use only; no school/location attribution is assigned.

12. PHOTOGRAPHIC RECORD — ADDITIONAL DOCUMENTATION

The photographic record supports the project documentation by showing educational materials, beneficiary engagement and classroom environments.

13. RESPONSE FROM BENEFICIARY SCHOOLS

Representatives and heads of beneficiary schools expressed sincere appreciation for the intervention. The support was recognised as a practical contribution to pupils and teachers, with the materials addressing immediate educational needs.

14. DATA INTEGRITY AND FINAL FIGURES

This report reflects the latest beneficiary figures supplied for the project. The school-based pupil figures total 500, while approximately 50 additional pupils were reached in the Gegelose environs.

The confirmed teacher reach is 50. The figure is based on the school-level records supplied and is not inflated to include unverified additional beneficiaries.

500	50	550
SCHOOL-BASED PUPILS	TEACHERS REACHED	GRAND TOTAL PUPILS

15. PROJECT COMPLETION

The 2026 Back-to-School Educational Support Project is recorded as completed. The Initiative reached five named schools, supported 500 school-based pupils, extended support to approximately 50 additional pupils in the Gegelose environs, and reached 50 teachers across the five named schools.

16. CLOSING STATEMENT

The Oyewale Areoye Initiative appreciates the beneficiary schools, teachers, pupils, community members and supporters who contributed to the successful implementation of the project. The intervention reflects the Initiative's commitment to practical educational support and community development.
